Parents of current and past students know the lasting impact a Northeastern education has on a young person. Through philanthropy, parents are transforming students’ lives by deepening their academic, cultural, athletic, and professional experiences.

There are many opportunities for parents to support Northeastern. You may make a gift to the Parents Fund and provide vital resources for scholarships, co-op, research, cultural activities, athletics, and residential life. University leaders direct these funds to areas of the greatest need and importance.

Alternatively, you can direct your gift to your desired area of interest, such as:

Scholarships that enable deserving students to finance their education or global learning opportunities

Endowments, which create a permanent stream of income for a specific need matching your interests
Programs that jump-start or sustain student and faculty programs, in any of our nine schools and colleges

To receive Northeastern updates for parents, follow us on Facebook or join our LinkedIn group. For more information, contact:

PARENTS LEADERSHIP COUNCIL

The Parents Leadership Council (PLC) is an active, diverse volunteer group of parent ambassadors who steer outreach, provide feedback, and contribute philanthropic support. PLC members are dedicated to strengthening experiential learning opportunities, sharing parental experiences and perspectives, and welcoming new parents into the Northeastern family.

To join the PLC, we invite you to make an annual leadership gift of $1,000 or more designated to your

Family Fellows brochure
