

ABOUT NORTHEASTERN HILLEL

The college years are an ideal time to engage future student leaders, connecting them with the Jewish community and shared values. We help empower Northeastern's more than 1,000 Jewish students to develop and enhance their relationship with Jewish life, culture, society, and history.

Northeastern Hillel offers myriad ways for young men and women to nurture personal connections to their identity, guiding them along paths toward rewarding and meaningful lives. We help our students:

- Acclimate to Northeastern life and become active community members on and off campus
- Form social networks with peers from all backgrounds, with diverse interests and perspectives
- Pursue leadership opportunities, mentorship, and professional development through a Jewish lens
- Explore, learn, and grow intellectually, spiritually, and socially
- Connect with Jewish values, culture, and religion in fulfilling and relevant ways

"The start of college came with a million feelings: excitement, anticipation, happiness, and of course, anxiety and homesickness. I found myself attending Hillel's Shabbat dinners, cooking and art classes, educational events, and just stopping by to say hi to the awesome staff. It's my home away from home."

—Dorian Stump, S'21
